Services

ALPHABETICAL INDEX

of FLORIDA HEALTH NOTES

Since 1944

Although Florida Health Notes has been in almost continuous publication by the Division of Health since June 1892, the alphabetical index and list of titles included in this booklet begin with January 1944. Starting with that year, each issue of the publication has been devoted to a single topic.

Because Florida Health Notes is a continuing publication, space has been left between the various categories so that you may add topics of future issues in alphabetical sequence.

We hope you will find this index helpful in your use of Florida Health Notes.

The Editor

REUBIN O'D ASKEW, Governor
EMMETT S. ROBERTS, Secretary
WILSON T. SOWDER, M.D., Director

P.O. Box 210

Jacksonville, Florida
32201

This INDEX of Florida Health Notes was promulgated at a cost of \$ 566.74, or 71 ¢ per copy to provide health education for the people of Florida.

ALPHABETICAL INDEX OF FLORIDA HEALTH NOTES

June	Health Education for Negroes - Statewide Negro Health
July	The Status of Local Health Service in Florida
August	Family Fitness Through Periodic Health Examinations
September	Florida's Public Health Nutrition
October	School Health
November	Well-Baby
December	Tuberculosis

1945

January	Public Health Nursing
February	Venereal Disease Control
March	The Handicapped
April	Cancer Control
May	Nutrition Survey
June	Public Water Supply
July-August	Poliomyelitis
September	School Health
October	Dental Health
November	Premature Babies
December	Tuberculosis

Titles of Florida Health Notes (continued)

1946

January	Murine Typhus Fever
February	Venereal Disease Control
March	The Need for New Local Health Department Buildings
April	Cancer Control Issue
May	Local Health Issue
June	Malaria Control in Florida
July	Pasteurized Milk Issue
August	Florida Health Officers' Issue
September	A Visit to Your State Laboratory
October	Yellow Fever in Florida 1877
November	Child Health
December	Tuberculosis

1947

January	Legislative Issue
February	Venereal Disease Control
March	School Health Issue
April	Cancer Control
May	Public Health Nursing
June	Swimming Pools in Florida
July	Nutrition Survey Issue
August	A Report on Progress
September	Typhus Fever Survey
October	Stream Pollution
November	Rabies
December	Tuberculosis Control

Titles of Florida Health Notes (continued)

1948

January	Food Handling
February	Venereal Disease Control
March	Industrial Hygiene
April	Cancer Control
May	Mosquito Control
June	Activities - Bureau of Narcotics
July	Diabetes A Public Health Problem
August	What Is Sight Conservation?
September	Bookkeeping in Health
October	County Health Departments Protect
November	Our Children's Chances
December	On Staying Alive

1949

January	After Air - Water
February	A Glimpse into the Past (History)
March	Quo Vails - Whither Go'est Thou?
April	Delay Means Decay
May	Clearing the Way
June	The Record
July	Animals - Diseases - Man
October	Portrait of a Health Officer
November	Test Tubes by the Million
December	Food Is Life

Titles of Florida Health Notes (continued)

1950

January	Overweight - Dangerous!
February	After the X-Ray Survey - What?
March	Cancer
April	Epilepsy - No Disgrace
May	The Enemy Within (Hookworm)
June	Sanitarians Serve
September	The Longer Men Live
October	A Safer, Fairer Land
November	Syphilis
December	And So - Another Year

1951

January	Training for Health (Field Training Center)
February	About Breezes and Sneezes (Pollen Counts)
March	Civil Defense and You
April	Unwelcome Guests (Insects)
May	Rats - Common Enemy
